REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious the instantly claimed invention. There is no teaching in the art to grow the crystal in the orientation that is claimed. The prior art on fact does teach away from such growth orientations. There is no reasoning or motivation in the art to grow the claimed orientation as the art clearly sets forth that a different direction yields the best results. Also, since the crystal is grown with different orientation the instantly formed crystals are different from that of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
